

DATE

To,
The Visa Officer
High Commission of Canada

Respected Sir/Madam,

Sub: Re-application for Student Visa

Name: **XXXX**
Institute Name: **XXXX**
Course: **XXXX**
Duration: **XXXX**

I had applied for a study permit for Canada on **DATE** for the course of **COURSE NAME** in **INSTITUTION NAME** and got the visa rejection on **REJECTION DATE**. The study permit was rejected for the following reasons:

“TYPE REASON FROM REJECTION LETTER” – example: “Your proposed studies are not reasonable in one light or more of: your qualifications, previous studies, employment, level of establishment, language abilities, or your future prospects and plans”.

I also ordered GCMS notes and have gone through the detailed rejection reason. I wish to offer following clarifications/explanation to the same with a request to kindly reconsider my application and grant me the study permit.

GCMS/CAIPS notes –

COPY PASTE from GCMS/CAIPS notes. The notes are usually found in the last 5 pages of the report.

Sample - The gap between completion of PA’s credential in 2014 and proposed course of study in Canada in 2017 is of concern and proposed course of study is not a logical progression from the PA’s completed credential and work experience. It is not evident why the PA would pursue such a course of study in Canada at such great expense at this time. The PA also has significant number of fails. Based on the above, on balance, I am not satisfied that proposed studies are reasonable in light of qualifications/educational background. I am not satisfied this applicant is a bona fide student. Weighing the information on hand in this specific case, the applicant has failed to establish that they are a bona fide temporary resident who will leave Canada following the completion of their studies pursuant to section R216 (1) (b) of IRPA.

The grounds for rejection of my VISA application and clarification to the same are mentioned here under.

Point out the most important concern points from the visa officer's notes and start to explain them separately.
